CAREER GUIDANCE ON ROLE OF ONCOLOGY NURSES

Event Summary		
1	Name of the Event	CAREER GUIDANCE ON ROLE OF ONCOLOGY NURSES
2	Venue	Online Webinar
3	Date & Time	08/02/2022,10AM
4	Resource Person	Dr. Hema Sangeetha Devi, principal, SEA College of nursing
5	Number of Students Participated	254
6	Name of the Coordinator	Mr. Balaji
7	Organized by	Department of Medical Surgical Nursing

Event Coordinator

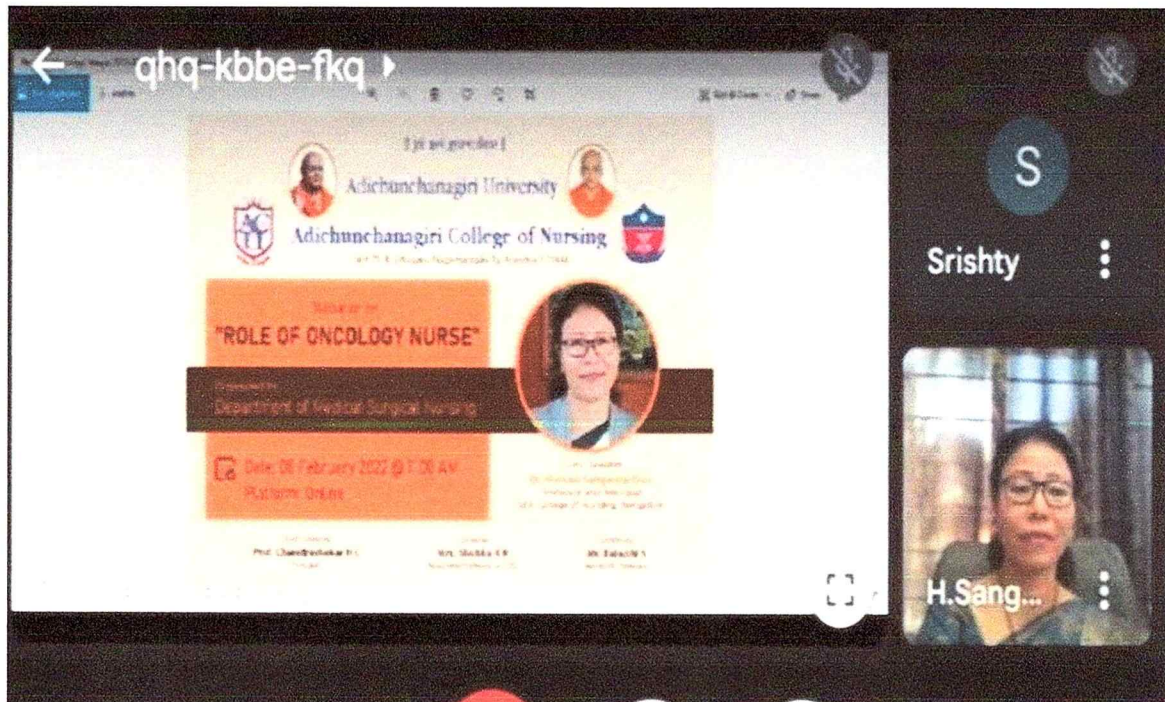

CAREER GUIDANCE ON ROLE OF ONCOLOGY NURSES – AWEBINAR

Report

Department of Medical Surgical Nursing organized a webinar on **Career Guidance on Role of Oncology Nurses** on 08.02.2022. Dr. Hema Sangeetha Devi, principal, SEA College of nursing was guest speaker. She described the Key role of nurses in cancer care including career opportunities in nursing. This field is highly specialized, and there are various roles and areas within oncology nursing that you can pursue. Staff nurses in oncology work in hospitals, clinics, or outpatient settings, providing direct patient care. They administer chemotherapy, monitor patients for side effects, and offer emotional support. To pursue a career in oncology nursing, you typically need to earn a nursing degree (Associate's or Bachelor's), become a registered nurse (RN), and gain experience in general nursing before specializing in oncology. Total 209 Nursing students attended the program.

Career Guidance on Role of Oncology Nurses on 08.02.2022. Dr. Hema Sangeetha Devi, principal, SEA College of nursing was guest speaker.

ONCOLOGY NURSE & NURSING

An oncology nurse is a specialized nurse who cares for cancer patients.

Oncology nursing care can be defined as meeting the various needs of oncology patients during the time of their disease including appropriate screenings and other preventive practices, symptom management, care to retain as much normal functioning as possible, and supportive/ palliative care upon end of life.

Report

In recognition of the need for enhancing the dissertation writing skills of training the post graduates, the Scientific Committee had organized a workshop on "Dissertation writing" on March 3rd and 4th 2022 in Adichunchanagiri Institute of Medical Sciences, BG Nagara at Lecture Hall-1. Sixty-nine 2nd year postgraduates attended the workshop.

Postgraduate students in medical colleges rarely receive training in research methodologies which is very essential to approach their dissertation or any other research with confidence.

The objective of the workshop was to strengthen participants' understanding of scope, methods, and the rationale behind effective dissertation writing.

Program began at 9:00 AM with registration & administering of pre-test questionnaire to the participants. Dr. Amita K, Coordinator, Scientific Committee, delivered the welcome address.

The program was inaugurated by Dr. MG Shivaramu, Dean Health sciences, (Medical), ACU and the Chairman of Scientific Committee by delivering the presidential address. Dr Vinay Bhat, Professor, ENT delivered the vote of thanks.

The workshop included ten interactive scientific sessions on different aspects of dissertation writing including introduction, Objectives by Dr Aliya Nusrath, Professor & Head of Biochemistry. 'How to perform literature search' was dealt by Dr Dhanalakshmi TA, Professor of Microbiology. Dr Aliya Nusrath covered the exhaustive topic of 'how to write Review of literature'. 'Dissertation Writing methodology' was dealt by Dr Radha R, Professor and Dr Sheetal MP, Associate Professor, Community Medicine, while 'Data organization and analyses' was covered by Dr Shashikantha SK, Associate Professor Community Medicine.

Day 2 began with registration and reflections of day 1 by postgraduate students. The day began with topic of 'How to write results' by Dr Amita K, Professor of Pathology, 'Writing Discussion and Conclusion, abstract, summary' was covered by Dr Tejaswi, Professor of Anatomy. This was followed by session on 'Reference writing and Plagiarism and language skills' by Dr. Vinay Bhat, Professor of ENT. Dr Tejaswi HL briefed upon the journey of dissertation to publication.

The program was concluded with the post-test, feedback and distribution of certificates to the participants by the Principal. The program was well received by the postgraduates.

Report

Introduction: In recognition of the need for enhancing the research orientation in undergraduate students the Scientific Committee had organized a training workshop on “Proposal Writing for Indian Council of Medical Research – Short Term Studentship (ICMR-STS) Projects” on 14th January 2022 in Adichunchanagiri Institute of Medical Sciences, B G Nagara. 160 MBBS undergraduates of first, second and third phase and junior and senior faculty members attended this Webinar.

Background and Objective: Undergraduate students generally do not have orientation towards medical research. To orient undergraduate students towards research methodology Indian Council of Medical Research has been conducting short term studentship projects since many years. Hence the workshop was organized to orient undergraduate students towards starting projects works as per ICMR guidelines.

Dr. Amita K, Coordinator Scientific committee, delivered welcome speech and opened the meeting by introducing the workshop background and objective. Dr MG Shivaramu, Principal, AIMS, Dean, Health Sciences (Medical), ACU addressed the delegates, highlighted the salient features of STS-ICMR program and motivated them to take up research projects. Dr. Aliya Nusrath, professor and HOD of department of Biochemistry delivered talk introducing ICMR STS projects and gave a detailed walkthrough towards starting the project work.

The workshop was attended by all 160 MBBS students and faculty members of AIMS who were very enthusiastic in learning about ICMR STS projects. Dr. Vinay S Bhat Thanked Dr. Aliya Nusrat for delivering excellent talk on orienting students regarding ICMR STS projects Dr. Tejaswi HL delivered vote of thanks at the end of the webinar and motivated students to take up ICMR STS projects.

Workshop concluded with the note to the students regarding conducting further workshop specifically targeting students who have registered for ICMR STS workshop, which will be held once the registration process for projects gets completed.

Report - "Pre Placement Training" by Syngene International on April 22, 2022

Adichunchanagiri School of Natural Sciences organized "Pre Placement Training" by Syngene Training Academy on April 22, 2022 through online.

In the beginning Dr. Prashantha Kalappa, Dean, School of Natural Sciences, gave a brief description regarding the event to the students. Ms. Mahima Passi, Assistant General Manager, Syngene International, informed the students about the selection process and type of personnel an organization seeks with an emphasis on group discussion, interview and soft skills. Students asked several questions regarding placement such as the strategy for getting placed at Syngene, growth rate, opportunity of higher studies, salary packages. Syngene representatives resolved all the queries of the students and motivated them to study well, improve soft skills and participate in extracurricular activities for personality development. Around 75 students Second year M.Sc had participated in the event.

Syngene Syngene – 27 years of solving complex R&D problems for our clients

A Global CRO/CDMO

- Integrated Drug Discovery, Development and Manufacturing service provider
- Small and large Molecules, ADCs, Oligonucleotides
- Listed on Indian Stock Exchanges (NSE and BSE)
- Market Cap: \$3.24 Bn (2.78 Bn EUR)*

IP Position

- IP can be fully assigned to clients
- Strong track record of Data Integrity and Security
- Over 413 patent assignments by clients recognizing Syngene

Quality Focus

- Quality driven organization
- Excellent track record of compliance with global regulators
- US FDA, EMA and PMDA approved, GLP Certified, AAALAC Accredited facility
- 15+ regulatory and ~250 client audits in the last 3 years

Scientific Ecosystem

- 2 Mn sq. ft. (1.86+ Mn. Sq. m.) world class R&D and Manufacturing infrastructure
- Sites in Bangalore, Mangalore, and Hyderabad
- 4700+ qualified scientists including ~500 PhDs
- Highly effective supply chain practices

Marquee Clients

- 400+ active clients last FY
- Partnering with large / mid-size / emerging BioPharma (EBP) and other industries
- Clients concentrated in US, Europe & Japan
- Track record of working with diverse industry sectors

Track Record

- Collaborations and partnerships to deliver numerous clinical candidates
- Delivery history for integrated CMC programs towards FIH and beyond

People

Currently in the meeting (46)

- DU Dr. Utsayabhanu (Guest)
- Kavya K Gowda (Guest)
- AC Akshaya C (Guest)
- AS Anush NM
- AR Anusha HR (Guest) On hold

Training Session on Communication Skill

Event Summary	
Name of the event	Training Session on Communication Skill
Date	14.04.2022 <i>to</i> 19.04.2022
Venue	BGSCE Seminar Hall
No. of students participated	80
Name of the event Coordinator	Mrs. Shobha M, Asst Professor, BGSCE

Training Session on Communication Skill

Report

Communication skill practices commenced on the 14.04.2022 and ended on the 19.04.2022. Going by the above analysis, the exercise covered a period of six days. Participated all the 83 students in the communication skill programme.

The students were made to choose topics of their interest from their teaching areas and prepare a communication skill lesson plan which should last for only six minutes. During the assessment, the following areas were observed and awarded marks;

No	Areas	Marks
1	Episode plan	02
2	Execution of the plan in terms of <u>Verbal communication:</u>	03
	1. Clarity of formation/Content	
	2. Use of Language related skills	02
4	<u>Non-verbal communication</u>	03
	<u>Total</u>	10

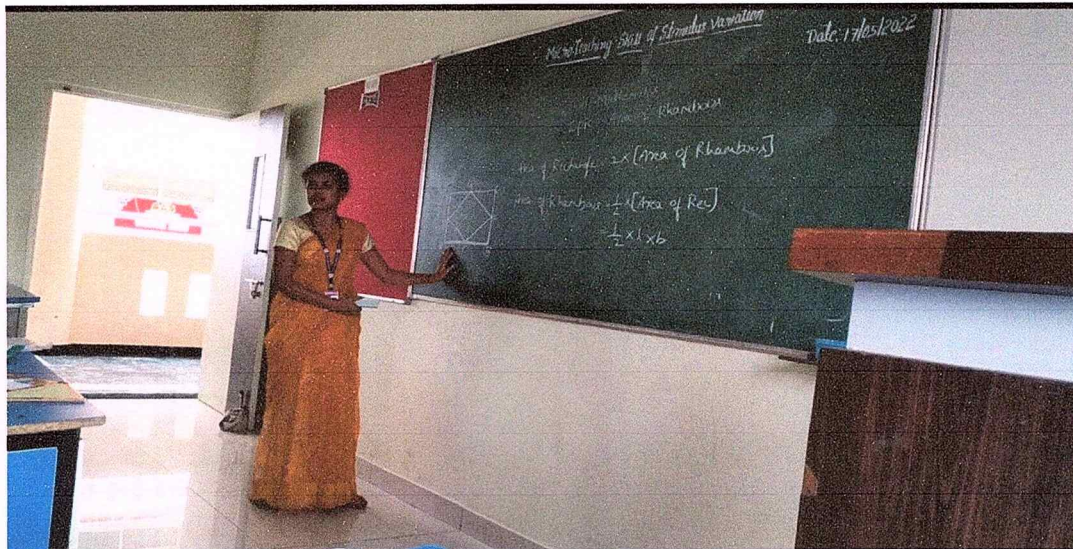

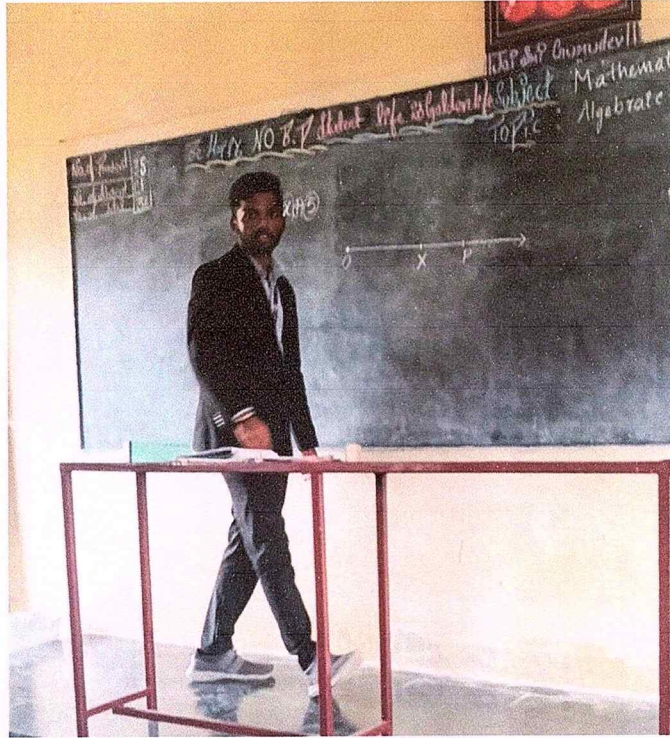

By the above mark allocation, the total marks stands of at 10 marks for the each pedagogy. The presentation was done individually in the communication skill under the dearest super-vision of a supervisor and their colleagues. There were comments at the end of each presentation from the supervisor and critiques from the participants. The trainee Teachers were observed by their colleague and eventually received feedback on their performance. It was based on these performances that marks were awarded.

E-Banner & Speaker Delivering Lecture about Financial education

BGS First Grade College had organized a Special Lecture Program on “Financial Education” on 26th November 2021 from 1:30PM to 3:30PM..The resource person for the program was Dr. Ramesha V Assistant Professor Govt. First Grade College for Women, Hassan.

The speaker of the session was introduced and moderated by Mr. Prakash H V Assistant Professor, BGSFGC. More than 110 Students of I year B.Com were participated in the Guest lecture program.

The resource person, Dr. Ramesha V highlighted the benefits of investing in Stock Market instead of insurance, fixed deposit etc. The talk included power point slides, Quiz, online activities and

videos which was easy for the students to understand the topic better. The queries of the students were clarified at the end of the talk. The program was ended by vote of thanks by Mr. Nikhil Gowda N, Asst. Professor

RECRUITMENT PROCESS IN ORGANIZATION

BGS First Grade College had organized a Special Lecture on “Recruitment Process” for students of Commerce On 03th December 2021 from 10:30 am to 12:30 pm. The resource person of the program was **Ms. ANUSHA CN**, HR Recruiter, ALP Consulting Pvt. Ltd, Bengaluru,

Speaker Delivering Lecture About Recruitment Process

The resource person, Ms. Anusha CN, highlighted the importance and differences among various Recruitments. The session was about the process of recruitment in corporate sector and how to face the interview. The speaker enlightened the students by motivating and building their confidence for getting the job in current scenario. The session was also concentrated on preparing the students as per the needs and demands in the corporate sector. The session was very informative and useful for the students in enhancing their lookout regarding their career.

The speaker was introduced and moderated by Ms. Lavanya C M. The number of students attended were 167. The queries of the students were also clarified during and at the end of the session. The program was ended with the vote of thank by Ms. Lavanya CM, Asst. Professor.

INDUSTRY READY OCCATIONAL TRAINING PROGRAM Report

ZESTECH always thrives at understanding Indian Industry requirement for every year and this puts us in the driving seat always when it comes to Learning and Development. Training related circumstance must be vivid and useful for the current trend, which can serve circumstance like real hiring. ZESTECH always strives in offering industry related module structure which caters to the need of current industry pattern in hiring. Consistent information standard and data form should be used in the learning system covering the national standards of recruitment. This model of preparing the module makes the independent data form into a concrete structure for training delivery.

Interface of industry trend and module structure is made simple by intensive research by the ZESTECH team of experts who function using a scientific structure and mechanism towards understanding the needs. Everywhere, system is simple to manipulate. However if the pattern of hiring and industry and global industry requirements changes, the Indian market gets into the mode of upgradation. And this is always visible in the module structure every year. Nowhere in the history of ZESTECH is the same content available for training delivery as well. Constant upgradation and learning towards the needs makes the structure of learning more prolific and helpful.

The evaluated research of the need, plays a major part in understanding the trend in the coming years as well. This helps ZESTECH to foresee the requirements and mend the learning content accordingly. Matching to the current technology trends, the evaluation of the learning also keeps transcending to the next level of excellence. The more, these are the changes and challenges which keeps ZESTECH growing strong. ZESTECH's system of training module design is always Compatible, Expansible and flexible to meet the development of the training module and training itself.

System Structure

ZESTECH uses structure methods to develop the course content thereby developing students' ability in meeting the current demands. Structure means, the relation among comprising elements in the system. Structure method emphasizes the rationality of the module required for the current requirement and also puts forward some rules to increase rationality, such as resolvability of current challenge in getting hired, module independence and uniqueness. It also resolves the challenge of information concealment, as it is an indigenous effort by the team of experts. Such a structure of a learning system gives a clear idea of course arrangement and thereby delivering a world class training program.

(Approved by AICTE, New Delhi, Recognised by Govt. of Karnataka)

Structure Management

To arrive at a structure, it takes a lot of effort to understand the gap in the campus to industry connect. Managing a structure for learning content for the current development of the students keeping in mind the future becomes a daunting task. The skill sets for the same profile and positions keep changing. Adaptability towards understanding the change becomes inevitable. Constant and consistent visit to the corporate sectors, made the task exciting and we understood that learning towards employability enhancement is never ending and perpetual. The industry based skill development modules are developed, tried and tested through various means before getting it on the floor. ZESTECH follows a strong protocol in constant upgradation of course content with respect to hiring standards and the strong structure management techniques help us to meet the demands as mentioned above.

The module structure is an organized set of research, content making, realization, evaluation and gap management. It is a combination of corporate interaction and ZESTECH's team of experts' module design. The content design will not be visible to the untrained observer, however they always give a powerful outcome to the present and affect all dimensions of unskilled workforce.

Trainers' Profile

Learning and Development: The core aim of the department is to support learning in its broadest sense, reinforce effectiveness and motivation through learning actions and systematically develop the knowledge, skills as well as behavioral and technical competencies of the students that ZESTECH trains.

Learning and Development department of ZESTECH came up with the following 3 strategies that enabled training programs to align training goals with campus goals:

Aligning training goals with campus goals: Use a TNA (Training Needs Analysis) assessment process. This boils down to identify goals (performance outcomes for a campus), tasks, modules, course contents, trainers needed to achieve those goals and the knowledge, skills attitudes needed to perform those tasks. Define and prioritize the process and goals to determine which training program is most suitable and which has the most impact on performance.

Improve Human performance: Determine the environmental and man-made barriers to training effectiveness and the rationale behind performance gaps. Fulfill the non-training gaps through thorough Analysis.

Select the right blend of delivery options: The training experts of ZESTECH, come up with various delivery options for a prescribed course. E-learning is the proven method to provide just-in-time training and accessible resources for performance update even after the training

PGCET Training program

We have conducted department wise Training Program for competitive Exams and all aspiring students from various departments have actively participated in the training. The training program aimed to enhance their skills and knowledge, equipping them with the necessary tools to excel in competitive examinations. The participation suggests a positive response from the student community, indicating the value and relevance of the training for their academic and career pursuits. Overall, the department wise Training Program appears to be a successful and inclusive effort to support students in their preparation for competitive exams.

TRAINING PROGRAM FOR COMPETITIVE EXAMS- PGCET

Report

Syllabus for PGCET 2021-2022

1. Engineering Mathematics:

Linear Algebra: Matrices and Determinants, Rank of matrix, Systems of linear equations, Eigen values and Eigen vectors.

Calculus: Limit, Continuity and Differentiability. Partial Derivatives, Test for convergence, Fourier series.

Vector Calculus: Gradient, Divergence and curl. Line, Surface and Volume integrals; Stokes theorem, Problems related to Gauss and green's theorems.

Differential Equations: Linear and Non-linear first order ODEs, Higher order linear ODEs with constant coefficients, Cauchy's and Euler's equations.

Partial Differential Equations: PDEs, formation of PDEs, solution of PDE by direct integration and separation of variables. Heat and wave equations.

Transforms: Laplace transforms, Fourier transform and Z-transform.

Probability and Statistics: Mean, Median, Mode and standard deviation; Random variables; Poisson normal and binomial distributions; Correlation and Regression analysis.

Numerical Methods: Solutions of linear and non-linear algebraic equations; Integration of trapezoidal and Simpson's rule; Numerical solutions of ordinary differential equations.

2. Electric Circuits and Fields:

Network Topology: Graph of Network, concept of tree, links, tie set schedule, cutset schedule. **Circuit Concepts:** Source transformation, circuit analysis using loop current and node voltage methods, star-delta conversion, dual networks and concept of controlled sources.

Network theorems: Thevenin's, Norton, Maximum power transfer, superposition and reciprocity, Resonant circuits, Transient analysis, Laplace transformations and applications, Standard test signals, Initial conditions.

Two-port Networks: y and z Parameters and h Parameters of two-port networks.

BG Nagara - 571448, Nagamangala Taluk - Mandya District, Karnataka (INDIA)

Mob: +91 98801 00556 Tel: 08234-288418, Fax: 288419, E-mail: principal@bgsit.ac.in | principalbgsit@rediffmail.com

Website: www.bgsit.ac.in

॥ ज्ञानं देते गुरुदेव ॥

ADICHUNCHANAGIRI UNIVERSITY BGS INSTITUTE OF TECHNOLOGY

(Approved by AICTE, New Delhi; Recognised by Govt. of Karnataka)

Errors in Measurement- Types of errors and sources of errors.

Electric field- Coulomb's law and electric field intensity, Electric flux density

3. Analog and Digital Electronics:

Analog Electronics:

Diode Circuits, Rectifiers, Transistor biasing and bias stability, Class A, Class B & Class C Amplifiers, small signal h-parameter equivalent circuit of transistor. Expression for current gain, voltage gain, input impedance, RC coupled amplifier, frequency response, half power frequencies, bandwidth and factors influencing the bandwidth. RC Coupled emitter follower amplifier, current gain, voltage gain, input & output impedance, applications

FET-RC coupled Amplifier: Power Amplifiers: Class A, Class B, Push pull and Class C power amplifiers, Maximum power output, Driving power requirements.

Feedback Amplifiers & Oscillators: Concept of positive and negative feedback, advantages of negative feedback. Voltage & current feedback, effect of the same on performance

characteristics. Condition for oscillation, Wein bridge oscillator, expression for frequency of oscillation, Crystal oscillators. Voltage regulator, operational amplifiers, comparator, ZCD, precision. rectifier, I to V & V to I converters, instrumentation amplifiers, square wave, triangular wave & saw tooth wave generator.

Wave shaping circuits: Clipping, Clamping, integrator & differentiator circuits.

Digital Electronics:

Number Systems & codes: Decimal, Binary, Octal, Hexadecimal, Binary coded decimal, Octal, Hex numbers, Excess 3 and Gray codes, Binary arithmetic.

Digital Circuits: Combinational Logic Circuits: Digital signals, Boolean constants and variables, Basic logic operations, AND, OR, NOR gates and realization or truth tables, Boolean

-expressions, Simplification of Boolean Expressions using basic theorems, Karnaugh map method of obtaining logic expressions, maxterm, minterm realization of logic functions using basic gates & also using NAND & NOR gates. Half adder, Full Adder, Multiplexers, Demultiplexers, Encoders & Decoders, A/D and D/A converters.

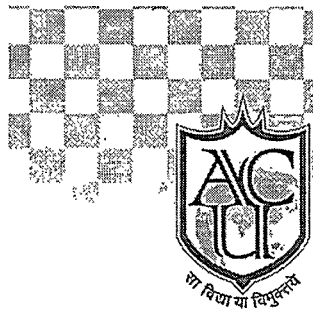

Sequential Logic: SR Latch, Clocked RS FF, D FF, JK & T FF, Master Slave JK- FF, Edge triggered flip-flops, Registers, Shift registers, Asynchronous counters, Synchronous counters. **Semiconductor Memories:** RAM, ROM, PROM, EPROM, EEPROM and Flash.

BG Nagara - 571448, Nagamangala Taluk, Mandya District, Karnataka (INDIA)

Mob: +91 98801 00556 Tel: 08234-288418, Fax: 288419, E-mail: principal@bgsit.ac.in | principalbgsit@rediffmail.com

Website: www.bgsit.ac.in

॥ ज्ञो इतो ध्युरपदेव ॥

ADICHUNCHANAGIRI UNIVERSITY BGS INSTITUTE OF TECHNOLOGY

(Approved by AICTE, New Delhi, Recognised by Govt. of Karnataka)

4. Control Systems:

Basic control system concepts, transfer function, Block Diagram reduction, signal flow graph, DC & AC servomotors & their TF, analogous systems F-V, F-I analogies, Time domain and frequency domain analysis.

Stability: Absolute and relative stability, RH criterion. Polar plots, phase cross over & gain cross over frequencies. Bode plots, phase plot and gain plot, determination of gain and phase margins.

Nyquist stability criterion: Principle of mapping of Nyquist path, gain margin, phase margin. Nyquist stability criterion. Root locus.

State space technique: state variables, state model of linear systems, solution of state equation, state transition matrix.

5. 8051 Microcontroller:

Microprocessor Vs Microcontroller, CPU Architectures-Von-Neumann, Harvard, CISC and RISC.

8051 Microcontroller: Architecture, Memory organization, Addressing modes, Instruction set.

8051 Programming: Assembly language programs, Time delay calculations and subroutines. 8051- Interrupts, Timers/Counters, Serial Communication.

8051 Memory Interfacing and I/O Interfacing.

6. VLSI Design and Embedded Systems:

Micro-electronics, MOS and Bi-CMOS circuit design, scaling, sub-system design and layout, testability, Embedded micro-controller, CISC & RISC architecture.

7. Signals and Systems. DSP:

Types of Signals and Systems, properties of systems, convolution, correlation, Fourier series and transforms (Discrete Time), Z-transform, DFT and FFT, windowing techniques, analog and digital filter design, IIR, FIR filter design, finite word length effect.

BG Nagara - 571448, Nagamangala Taluk, Mandya District, Karnataka (INDIA)

CAREER PATHS FOR MANAGEMENT & COMMERCE GRADUATES

Report

Webinar on Career Paths for Management and Commerce Graduate by Mr. Rajeev D

A Webinar on Career Paths for Management and Commerce Graduates was organised by Department of Management Studies, BGS Institute of Technology, Adichunchanagiri University on Friday, 06th August 2021 at 05.30PM. The webinar was conducted for 2nd and 4th semester students of MBA. Around 80 students and staff members actively participated in the webinar.

The resource person for the Webinar was Mr. Rajeev D, Client Director at Unqork, New York City, USA. Mr. Rajeev had also worked as Engagement Manager at Oliver Wyman for more than 4 years. He had played the roles of Project Manager, Technology Consultant and Technology Analyst in his career. He has pursued B.E from R. V. College of Engineering and MBA from The Tuck School of Business at Dartmouth. He is a result oriented management consultant offering diverse experiences in different capacities primarily in the areas of business strategy, management consulting, product/ project management and business development.

Mr. Rohith N.R, Assistant Professor, Department of Management Studies, BGSIT addressed the participants and presented the opening remarks for the session. He highlighted the importance of career guidance at the right time for the students in order to find a particular path which utilised their skills effectively.

The major objective of the speaker was to provide insights on various career opportunities available for commerce and management graduates in India and abroad. The speaker provided detailed information on a variety of roles and responsibilities they can occupy at companies working in different industries.

The speaker commenced the session by guiding the participants about what career they need to choose and how they can build up a particular career path. He also highlighted the need of up skilling themselves with proper communication, analytical capabilities and

(Approved by AICTE, New Delhi, Recognised by Govt. of Karnataka)

networking that matches the current industry demands. He also guided for participants who are willing to build new start up businesses.

To highlight about the topic, Speaker quoted various benefits students enjoy by pursuing commerce and management education such as developing a broader perspective about business, need of better analysts and managers in day to day operations of the business, different roles that can be occupied by them and their requirement around the world in almost all industries.

The speaker also emphasized on varied career paths available for them in the fields such as Management Consulting, Technology, Finance, Marketing and Branding, General Management, Human resources, Operations and others. He suggested them to hunt for the areas of their interest, build skills accordingly and pursue their career. He also provided necessary suggestions to how one can decide and go further in their chosen career path.

Many illustrations narrating the skills expected by the corporate were also examined by the Speaker in detail such as problem solving and analytical mindset, strong execution capabilities and fine tuned interpersonal and communication skills. Speaker also suggested the ways by which these can be enhanced by the students.

As concluding remarks, Speaker advised the participants to build a desire or strong ambition towards a particular career, develop and enhance talent or skills to pursue that career successfully, stay focused and committed in that and most importantly to have faith in themselves. At the end of the Webinar, participants posed questions to the speaker and which was addressed greatly by the speaker.

Department of Management Studies
Webinar Report

'Webinar on Innovation and Entrepreneurship with Purpose – Opportunities for YOUTH'

- Mr. Pranav Hebbar

Department of Management Studies,
BGS Institute of Technology,
Adichunchanagiri University, BG
Nagara, Karnataka in association with
*BGSIT - ED Cell, MHRD's Innovation
Cell (Government of India), Indian
Society for Technical Education and
Institution's Innovation Council
(Ministry of Education Initiative)* jointly
organized One day National Webinar on
*"Innovation and Entrepreneurship with
Purpose – Opportunities for YOUTH"* on
Monday, 12th July 2021, Monday. The
Webinar was organised in Microsoft
Teams online platform. Around 250
members registered and participated in
the webinar.

Resource Person for the Webinar was Mr. Pranav Hebbar, Social Entrepreneur and Educationalist, Founder – Make Room India, a Global Social Innovation Ecosystem with presence in India, Latvia, Italy and Romania. He has worked with over 800 youth from European Union and India and also co-created 8 international social innovation & entrepreneurship projects & five experiential learning programs. He is also an Advisor to four high impact tech start-ups particularly focusing on market entry, product development & stakeholder engagement. He closely works with the government in supporting innovations for impact. He regularly speaks at start-up and innovation programs such as Start-up weekend, business plan events and hackathons, designs and delivers workshops on Innovation and Entrepreneurship.

॥ ज्ञाने इमे ह्युत्तरेण ॥

ADICHUNCHANAGIRI UNIVERSITY BGS INSTITUTE OF TECHNOLOGY

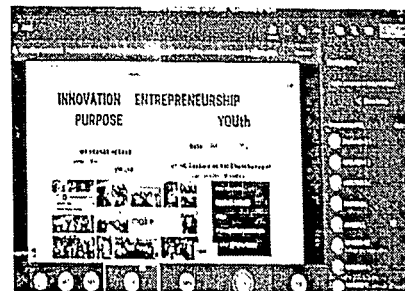

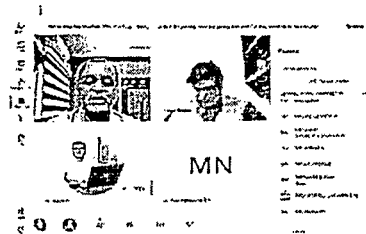

(Approved by AICTE, New Delhi, Recognised by Govt. of Karnataka)

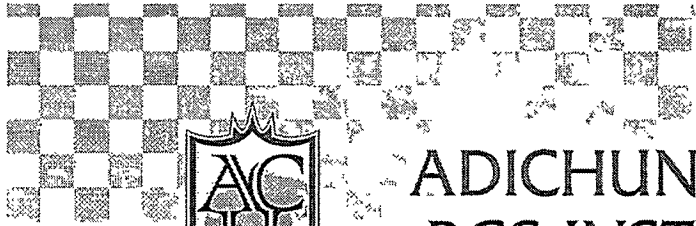

Dr. Ramesh B, Dean of Allied Health Sciences and Principal - SACCP addressed the participants and presented the opening remarks for the session. He highlighted the role of innovation and entrepreneurship in current scenario. He also spoke about the role of IIC, Incubation Cell, Entrepreneurship Cell and other such forums in the educational institutions and its contribution towards the development of youth.

Mr. Pranav Hebbar with his wide experience in the field, explained in detail about the innovation and entrepreneurship aspects. He quoted real time statistical data about the potential of youth towards enhancing entrepreneurship. He also mentioned the role of pandemic creating varied problems which needs to be solved on priority which further directs towards opening up for new entrepreneurial activities for youth. Speaker also provided information about opportunities and support provided by the State Governments, Central Governments and the subsidiary bodies to nurture young budding entrepreneurs. He also cited data about flow of FDI to India and how that can be utilised. Speaker also explained about the role of angel investors, venture capitalists and alike in encouraging and assisting the new entrepreneurs.

The major concentration of the Speaker was to build entrepreneurial mindset in the participants. He suggested analysing a problem, thinking an idea to solve it, innovate a solution and developing it as entrepreneurship. He narrated live and familiar examples to build awareness among participants. He also advised to pick any of the Sustainable Development Goals which can be promoted in generating successful entrepreneurial ideas.

Speaker also provided insights on common pitfalls of entrepreneurship and how those can be prevented. He also narrated about social entrepreneurship and the ways by which societal problems can be converted into great entrepreneurial opportunities. He cited that context when added with relevance results in innovation which will be an ideal way of entrepreneurship.

ADICHUNCHANAGIRI UNIVERSITY BGS INSTITUTE OF TECHNOLOGY

(Approved by AICTE, New Delhi, Recognised by Govt. of Karnataka)

As concluding remarks, Dr. Narendra B. K., Dean of Engineering & Management, Principal - BGSIT, ACU highlighted the key topics covered and motivated the young minds to move in the direction of creativity and innovation which is the need of the hour and advised students to think differently and in turn can come up with great ideas.

The speaker in his concluding remarks advised participants to develop right mindset with positive attitude towards entrepreneurship. He also provided useful links and resources that can be utilised for further reading. At the end of the Webinar, participants posed questions to the speaker and which was addressed greatly by the speaker.
